

Installationshinweise:

„Building native mobile apps with Angular and NativeScript“ – Julian Steiner, Sebastian Witalec

The official installation instructions can be found at:

<https://docs.nativescript.org/angular/start/quick-setup.html#set-up-your-system>

PLEASE ENSURE YOU HAVE COMPLETED ALL FOUR STEPS!

In case of any problems, just drop a question on the NativeScript Community Slack channel. Or write to Julian at julian.steiner@progress.com

To sign up to slack, follow this link: <http://developer.telerik.com/wp-login.php?action=slack-invitation>
